

SAFETY & HEALTH PROTOCOLS FOR SUMMER CAMPS 2020

WAYS WE ARE PREPARING AND MAINTAINING THE SPACE

- Theatre Arlington has invested in a sanitizing mister, which will be utilized the day before camp begins, and at the end of each camp day. The mist coats all surfaces, soft and hard, and utilizes a hydrogen peroxide mixture which will dissipate before the next camp day.
- Bathroom surfaces will be wiped down by staff mid-morning, after lunch, and mid-afternoon with a disinfecting cleaning solution.
- All doorknobs, light switches and handrails will be cleaned at the end of the camp day.

PERSONAL SAFETY

- All theatre and camp staff members will wear a mask in common areas
- Campers are asked to wear a mask to camp and in all common areas
- No one will be allowed to enter either building if they are not involved in camp or daily theatre operations.
- There will be no live performance at the end of the camp week.
- Camp staff and campers will have their temperature taken and logged at the beginning of the camp day. Anyone with a temperature of 100.4 or above will be asked to go home until they are free of fever.
- Campers will be given a hand sanitizing wipe when they get to camp in the morning and will be asked to use it before entering the building. Likewise, hands will be washed at the end of the day before campers leave.
- Staggered drop off and pick up times by age group
- Campers will be asked to wash hands at break times, at lunch, and any time they visit the bathroom.
- No staff member who is not involved in camp will come into direct contact with your child
- Direct contact in the classroom will be limited to two camp staff members who will remain with your child the entire camp day, will be responsible for taking their temperature and will monitor social distancing as needed throughout the camp day.
- Camper groups will be in their own space with designated bathrooms and will not interact or rotate from space to space, or instructor to instructor.
- Only one camper will be allowed in the bathroom at a time.
- One staff member has been designated as the emergency contact and will only be in direct contact with any camper if a camper becomes ill.

DROP OFF PROTOCOL

- Enter the theatre parking lot via the West entrance, furthest from the lobby entrance, and follow the cones to the front of the building
- Place the group designation sheet (included in your confirmation email) where it can be seen on the driver's side of the car
- Your camper's group intern will meet your camper, check them in and take their temperature and log it as they exit the car
- Once your camper has been okayed, please exit the parking lot via the East entrance

PICK UP PROTOCOL

- Enter the theatre parking lot via the West entrance
- If you arrive early, or are waiting for another camper group to come out, please park in a spot and remain in your car until all campers are in the car and ready to go
- If you arrive at the time of pick up, please follow the cones to the front of the building and wait in line
- Interns will check your camper out and bring them to the car
